## 50 Million Careers Changed for the Better

If all Nexxt members stood side-by-side holding hands, they would circle the globe nearly

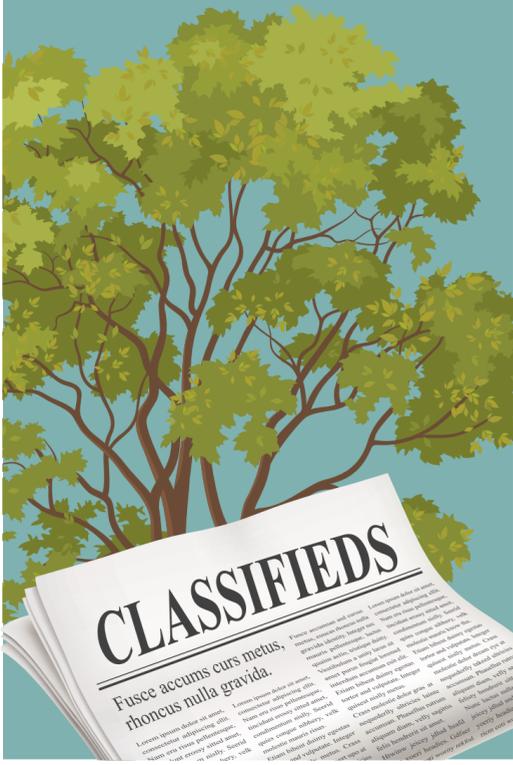

# 2 times

Here's what happens when 50 million people come together to build better careers.

## 15 Billion Career Alert Emails

That many jobs would fill over 6 billion pages of classified ads – which would take nearly 200,000 trees to produce

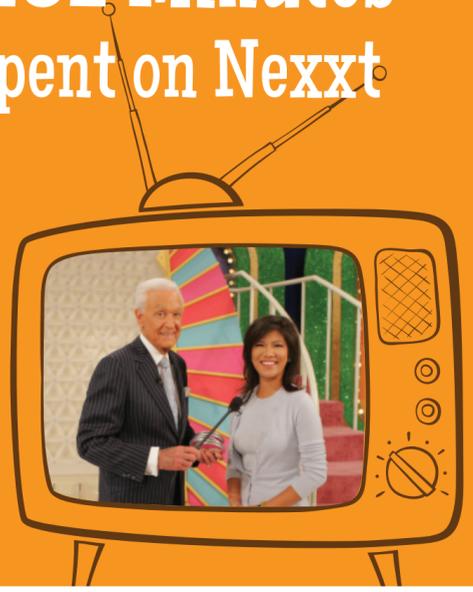

## 19.1 Million Facebook Impressions

That many people would fill Yankee Stadium 385 times

## 189,579,282 Minutes per Year Spent on Nexxt

In that time, you could watch more than 3 million episodes of The Price Is Right – but it probably wouldn't do as much for your career

## 8.6 Million Free Resume Critiques

It would take at least 1.2 million mothers-in-laws to offer that much free advice

## 19 Million Resumes Uploaded

Laid end to end, that same stack of resumes would stretch 3,298 miles – 400 miles longer than the distance from Nexxt's headquarters in King of Prussia, PA to San Francisco, CA
